*Project Renewal Health Services
At New Providence*

Licensed Practical Nurse

Project Renewal Health Services is currently interviewing individuals for the position of **Licensed Practical Nurse**. The LPN will work closely with the clinic staff of New Providence Shelter facility to provide quality primary care to their residents. The position involves 35 hours per week at New Providence.

In addition to excellent nursing skills, the candidate should possess good communication, organizational and interpersonal skills. The position requires a New York State license, CPR, and some basic computer skills.

Candidates should possess energy, enthusiasm, and the ability to work in a busy clinical setting providing health care to clients who are dealing with mental health and drug dependence issues.

Resumes can be mailed or faxed to:
